Chicago Department of Aviation Residential Sound Insulation Program Contractor Open House

The Chicago Department of Aviation (CDA) will host a Contractor Open House for firms interested in bidding on Residential Sound Insulation Program (RSIP) construction work on Friday, January 22, 2010 from 10:00 a.m. to 11:30 a.m. at the Marriott Chicago Midway, 6520 S. Cicero Avenue, Chicago, IL 60638.

City of Chicago aviation officials will present details and answer questions about upcoming Residential Sound Insulation Program bid packages that are scheduled to be advertised in the coming months. City of Chicago departments will also be on site to answer questions about certification, licensing and small business programs.

Don't miss this opportunity to network with contractors and subcontractors of every size and specialty.

To register for the Residential Sound Insulation Program Contractor Open House, email your name and company information to: MDWRSIP@cityofchicago.org

The Chicago Department of Aviation (CDA) is self-supporting, using no local or state tax dollars for operations or capital improvements at O'Hare and Midway International airports. Together, Chicago's airports generate more than \$45 billion in annual economic activity and create 540,000 jobs for the region. Please visit www.flychicago.com to learn more about the Chicago Department of Aviation.

The CDA continues to incorporate and expand sustainable initiatives for airport planning, operations and maintenance, concessions and tenants in accordance with the CDA Sustainable Airport Manual (SAM), released in August 2009. To view case studies, lessons learned and new technologies, and for more information on the SAM, please visit www.airportsgoinggreen.org.

The O'Hare Modernization Program (OMP), introduced by Mayor Richard M. Daley in June 2001, transforms O'Hare's airfield from an outdated system of intersecting runways into a modern parallel runway configuration. The program will reduce overall delays at the Airport by 79 percent, and bad weather delays by 95 percent. It will create 195,000 new jobs and \$18 billion in additional economic activity each year. Please visit www.oharemodernization.org to learn more about the OMP.
